Vela Light · Vela Warm · Vela Clear

When VELA shines

Vela coloring lights up in clear, warm, luminous color — peach, coral, aqua, and gold that stay fresh rather than dusty. Soft greyed tones and cool ash make the face look tired; deep navy and stark black overwhelm lighter Vela types.

CONTRAST LEVEL

Low–medium contrast. Keep value jumps gentle (ivory ↔ camel ↔ coral), especially for Vela Light.

Metals & finishes

Yellow gold, rose gold, warm brass. Pair with crisp cottons, silk charmeuse, light wool, polished leather.
